WHO WE ARE

Welcome to the world of Zangula Welding and Quality Consultancy (Pty) Ltd. We are a Professional Engineering company that provide welding, quality consultancy and government Approved Inspection Authority (AIA) activities, launched in the year 2013.

The company is based in Middelburg in the Mpumalanga Province of the Republic of South Africa.

OUR VISION AND MISSION

Our vision and mission is to create a culture of customer focus as our corporate philosophy and our motto of providing the next generation of welding engineering, quality management services and Independent third part inspection activities. To provide the most magnificent Welding technology and Quality management services; to contribute tangibly in overall success of our customers and provide highest Return on Investment to our customers.

Quality, Integrity, Ethics Customer Satisfaction, Transparency, Impartiality and Corporate Responsibility are the pillars of our vision and mission and form the cornerstone of our approach that we bring to every engagement. In short our Vision & Mission can be easily achieved.

OUR ETHICS

At Zangula Welding and Quality Consultancy we believe when creative welding fabrication, Impartiality, integrity and quality combine through quality planning incredible results are achievable.

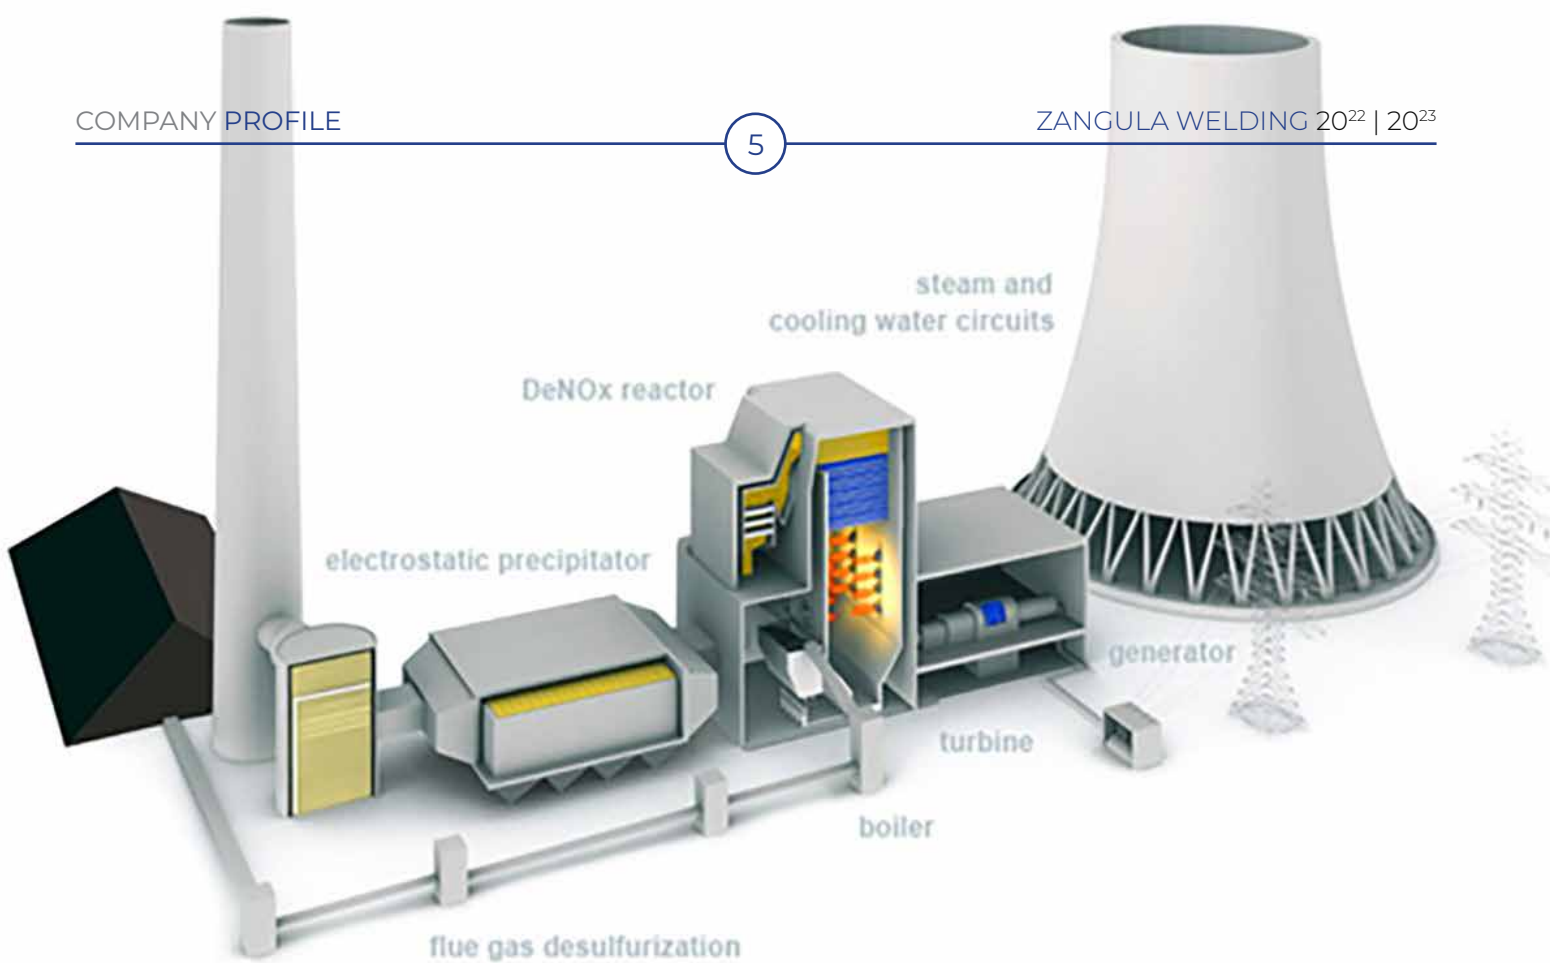

With the best interest of our clients and the environment in mind, our actions are always focused on customer satisfaction, integrity, Impartiality and help on business growth.

OUR REGISTRATION

SANAS Accreditation Registration No.: LVUP121

DoL Approval for In-service No.: PER 00059 INS

DoL Approval for Manufacturing No.: PER 00089

OUR DIFFERENCE

We view clients as partners, and our success is only measured by the success and safety of our clients. So we put it all on the table in order to exceed expectations and meet regulatory requirements. At Zangula Welding and Quality Consultancy, our culture and ethics matter. And it reflects in our work. Here, jobs are careers, not just a way to pay the bills. The finished product matters to us because it carries our name.

Our staff is young, energetic and innovative, and we are never afraid to take challenges in an effort to help our clients and comply to regulatory requirements. Every member of our team is passionate about welding and quality management. For every project, no matter how large or how small, we strive to not only meet your needs, but deliver compliance to regulatory requirements in your project or in-service inspections.

BLACK ECONOMIC EMPOWERMENT

Zangula Welding and Quality Consultancy is a 100% Black Male Owned.

We have embraced our responsibility to achieving the goals and objectives of providing work, business and development opportunities to the previously disadvantaged people of our country. We are committed to a policy of recruitment that would provide us with a workforce representative of the demographic profile of our country.

We recognise the cultural diversity of our people and the need for persons of different cultures to feel free to observe their traditions. We promote tolerance and sensitivity toward the different cultures and are committed to providing a workplace free from discrimination based on culture, colour, creed, gender, nationality, marital status, race, sexual and religious preference.

OUR SUCCESS

Each of our projects starts with the simple question "How will you measure the success of this project?" Success is critical to our team; whether that success comes in the form of happy clients or regulatory compliance.

To help us better understand the challenges of your project we try to establish not only the goals but what are your client requirements, regulatory requirements, challenges and the opportunities for growth. We believe our approach will yield many successful projects and happy customers over the years.

We hope you'll be our next client soon!
